

Egle Sabaliauskaite, MSc

E-Mail: esabaliauskaite6@gmail.com

Date of birth: 12 March 1998

Nationality: Lithuanian (EU-Citizen)

Experienced Software Developer with 4+ years in front-end development and software engineering. I combine technical expertise with creative problem-solving approaches to deliver innovative solutions across diverse industries. Currently transitioning into Data Science career with focus on Data Analytics, Data Visualization and Machine Learning.

WORK EXPERIENCE

11/2024 – 10/2025

Senior Software Engineer

MAIT Austria GmbH, Linz, Österreich

- Led technical workshops to demonstrate AR and IoT products, guiding clients on usage and potential applications.
- Collaborated with clients on proof-of-concept projects, shaping solutions through hands-on experimentation and feedback.

07/2023 – 11/2024

Software Developer IoT + AR

MAIT Austria GmbH, Linz, Österreich

- Designed and implemented UI and dashboards to visualize shopfloor and workflow data within an industrial IoT platform, improving usability.
- Researched emerging IoT, AR, and automation technologies to support client digitalization initiatives and inform proof-of-concept development.

01/2022 – 02/2023

Software Engineer

NTS Retail KG, Linz, Österreich

- Upgraded and optimized existing Angular applications to a newer version, ensuring responsiveness across multiple devices.
- Collaborated with team members by supporting backend tasks and contributing to internal demos and proof-of-concept projects.

07/2021 – 12/2021

Projektmitarbeiterin

Johannes Kepler Universität, Linz, Österreich

- Enhanced and maintained legacy applications using React, improving frontend performance and overall usability.
- Supported backend development when needed while primarily focusing on frontend delivery within an Agile, sprint-based workflow.

EDUCATION

10/2020 – 07/2022

Master of Science „Interactive Media“

Fachhochschule Oberösterreich, Campus Hagenberg, Hagenberg, Austria

Thesis: Interaction techniques for airborne light fields using web-based rendering.

[Exerpt](#)

[Implementation](#)

09/2016 – 06/2020

Bachelor of Science „Multimedia design“
Vilnius Gediminas Technical University, Vilnius, Lithuania

Thesis: Website about Lithuanian castles and forts (with map using Google Maps API).

Erasmus Semester: Fachhochschule Oberösterreich, Campus Hagenberg (2019)

TECHICAL SKILLS

Programming & Data Analysis:

Python (NumPy, pandas, scikit-learn, PyTorch)

Data Visualization

Plotly, Seaborn, matplotlib

Web Development:

Angular, JavaScript, React

Tools & Environment:

Jupyter Notebook, Anaconda, Git, Figma

CONTINUING EDUCATION

05/2023-07/2023

Deutschqualifizierung A2.2

BFI Oberösterreich

03/2025-04/2025

Deutschqualifizierung B1.1

WIFI Oberösterreich

CERTIFICATIONS

09/2023
